

Morningside Animal Hospital and Ocean Breeze Animal Hospital (owned by **Ross Grads**) are looking for a qualified, motivated, full-time or part-time veterinarian to practice high-quality, thorough, and compassionate medicine. Located on Florida's Treasure Coast in St Lucie/Martin Counties. Qualified applicants should have at least one year of practical clinical experience, and should be comfortable with medicine and surgery of dogs and cats with opportunities for exotics, avian, and PBP's if desired. Easy access to 24hr emergency hospitals and ample local specialists encompassing all specialties. No after hours emergencies or on-call required. Housecalls are requested on occasion but are optional (potential for increasing that aspect of the business!) Our doctors provide thorough physical exams and workups, and we believe that client education and a great bedside manner are the keys to effective client relationships and patient care. We have regular doctor meetings, as well as staff meetings and ample in-house staff CE opportunities, for consistency and teamwork. Doctors have the opportunity to carve their own niche or hone a specific skill - if you have a special interest we can help you make that into a reality! Benefits include 401K, paid time off, association dues, insurance, CE allowance. Salary is on a pro-sal basis. Collaboration within and between our hospitals is always welcomed. We have in-house diagnostics as well as outside lab, ultrasound, digital X-ray, dental x-ray, endoscopy, Ellman radiosurgery, CO2 Laser, and class IV therapy laser. Clients are offered ancillary boarding and grooming services. A great support staff and management team are there for our doctors and strive to make our hospitals warm and welcoming. We like to be laid back, while providing a fantastic environment for our team. Fun outside of work activities and celebrations in our beautiful community are arranged throughout the year. Experience coastal living and family friendly activities, as well as access to A rated public and private schools, in a beautiful climate year round. Fishing, boating, surfing, gorgeous beaches, children's museums, easy access to Orlando, Miami, and the Keys!
