

I am seeking an Associate Veterinarian – Located in New Braunfels, Texas (between Austin and San Antonio). County Line Veterinary Clinic is a three doctor practice losing an associate due to a military transfer and is seeking a Full time or Part time associate. We are an innovative small animal practice, looking for a highly motivated and client friendly, small animal practitioner. All experience levels will be considered. We are a well-established hospital in New Braunfels, TX, with established roots in our community and a reputation for combining high-quality medicine with exceptional client service. This is a great opportunity for a positive, caring, progressive individual looking for a dedicated team whose core values are Respect, Compassion, Integrity, Positivity, Excellence, and Team Work. We are currently building a new 6500 sq ft facility that will be completed late summer and will offer a luxury pet resort along with a fully equipped small animal hospital. Our well-trained support team creates a comfortable atmosphere for staff, clients and patients. This area is growing at exponential rates. Great place to raise a family; located between Austin and San Antonio with good school and lots of activities for any age. Our facility is a full-service veterinary hospital providing complete diagnostic and therapeutic care for our clients.

Our services include:

- Preventive medicine (opportunity to build an exotics clientele if interested)
- Surgery (great opportunity for someone looking to expand orthopedic services)
- Radiology - Digital X-Ray and Dental
- Ultrasound done in house and sent off for radiology interpretation as well as access to a mobile ultrasound service if needed
- In-house laboratory
- K Laser therapy
- Canine/Feline dental procedures- routine and advanced
- Acupuncture & Canine Rehab currently provided by the associate who is leaving (opportunity to continue and expand)

We are able to tailor compensation and benefits to a package that best suits your needs.

Thank You,

--
