

Three Notch Veterinary Hospital looking for Associate DVM.

Progressive, AAHA accredited small animal hospital located in Hollywood, Maryland has an opening for a Veterinarian licensed in, or eligible for licensing in, the state of Maryland. The ideal candidate should be outgoing with good communication skills and comfortable dealing with clients in a variety of situations. The candidate will work full or part-time with a team of professional, highly skilled Veterinarians and support personnel in a modern hospital environment.

The hospital employs numerous support staff including front office personnel, veterinary technicians, and veterinary assistants to help with doctor efficiency and client needs, while two veterinary emergency centers in the area provide critical care and emergency coverage as needed. After hours care is limited and usually involves phone advice only. The hospital has an excellent reputation in the local area with an emphasis on strong staff development and long-term employment.

Three Notch Veterinary Hospital offers competitive pay and strong benefits for full-time employees including paid holidays, vacation, sick leave, health/dental insurance, 401-K, continuing education time and benefits, VIN membership, and service discounts. Part-time benefits are negotiable. A sign-on bonus is offered for this position. The position requirements are:

- Desire to work with companion animals in a fast paced practice
- Ability to quickly analyze data/information
- Working knowledge of surgical procedures
- Strong communication skills
- Team player
- Ability to motivate and encourage team members

About Three Notch Veterinary Hospital

Three Notch Veterinary Hospital was established in 1979 in scenic St. Mary's County, Maryland, and is located on the beautiful Chesapeake Bay, with close proximity to two world class metropolitan areas, the finest shopping and dining, and a large array of outdoor activities. We are a 8 doctor practice with a main hospital and a satellite, Park Veterinary Clinic, approximately 7 miles away. We were the first hospital in the County to be AAHA accredited, and the first hospital to have board certified veterinarians (ABVP). We are a progressive hospital that is very client service driven and we also place a high emphasis on the doctors collaborating on cases and mentoring. We perform many types of surgeries and services, as well as extensive diagnostic work-ups. Visit our website at www.threenotch.com to learn more about us and our services.
