

ER Training Academy Program Description

The goal of the Academy is to provide a focused Internship to new graduate veterinarians so they will have a solid foundation for a successful career in Emergency Medicine. The Academy wants to address the nationwide shortage of qualified Emergency Veterinarians through a concentrated program that will allow for greater work satisfaction and quality of life.

Program Details

- All interns will be scheduled on shift with a Mentor Veterinarian
- Interns scheduled no more than 50 hours/ week for shift work
