Professional Development Fund Guidelines

Requests for funding for individual students:

All students currently enrolled in Ross University who have completed one semester, including Vet Prep, are eligible to request funds from SGA to cover the costs of flight, accommodations, and registration fees for continuing education events and professional development opportunities. Students are **required** to schedule a tentative date and time with the SAVMA Scholarship Liaison to give a presentation on their PDF funded experience and/or submit an article to the AVMA Vet Gazette or RUSVM Vet Views regarding said experience within the semester after the event.

Funding may only be received twice during his/her non-clinical and clinical semesters at Ross University and clinical affiliated schools. Only one PDF application will be accepted per specified event. Applicants are eligible for up to a maximum of \$750US awarded per application. **Requests are due by 4 pm, the Friday of week 6, and reviewed during week 8 every semester by the SAVMA executive board.** The SAVMA Scholarship Liaison will contact you with our decision in a timely manner.

The cut off date for PDF points on your application is the last day of the previous semester in which you are applying (i.e.: cut off date if applying during September semester is the last day of school in August.)

To receive funding, the student(s) requesting funds must present the following documents to the SAVMA Scholarship Liaison. These forms are to be completed for each student requesting funding individually:

- **A budget, which accurately and legitimately reflects all expected expenses (registration fee, airfare, hotel accommodations, etc.) with proof in the form of receipts, invoices, and/or source quotes. (electronic copies only)**
- **Proof of participating in an event (deposit slip, letter from intern supervisor, etc.) (electronic copies only)**
- **A completed and detailed application form (Hard AND electronic copy)**
- **A completed SAVMA Student Involvement sheet with signatures from current club officers (Hard AND electronic copy required)**

Please do not attach the entire conference schedule. You may list lectures, wet labs, and other things that you plan on taking part in.

The amount of funding available to students will be based on the number of points they have accumulated participating in SAVMA and SAVMA sponsored events and other Ross associated activities, as determined by the student's SAVMA Student Involvement Sheet. Points may accumulate over the academic career of the student and roll-over between semesters. Students with more points are eligible for greater monetary awards towards the costs of attending events and are more likely to receive an award over students with fewer points. The amount of funding awarded will be a percentage of the maximum funding allotted, not to exceed \$750USD.

VET PREP AND DVM STUDENTS:

Points will be added up and then divided by the number of semesters that the student has **completed** (including attempted semester(s) and Vet Prep) at RUSVM (for example, if you are currently 5th semester student, then you will divide by 4. If you have repeated a semester or were in Vet Prep, you will divide by 5). Funds will then be given based upon the following:

- >50 points/semester = 100% funding = \$750 USD = \$2025 XCD
- 40-49 points/semester = 75% funding = \$562.50 USD = \$1518.75 XCD
- 30-39 points/semester = 50% funding = \$375 USD = \$1012.50 XCD
- 20-29 points/semester = 35% funding = \$262.50 USD = \$708.75 XCD
- 10-19 points/semester = 20% funding = \$150 USD = \$405 XCD
- <10 points/semester = 10% funding = \$75 USD = \$202.50 XCD
- 0 points/semester = 0% funding

INTERCALATED DVM/MASTERS BY RESEARCH AND INTEGRATED DVM/MASTERS BY RESEARCH STUDENTS:

Points will be given only for those activities completed during DVM semesters. Any points earned during Masters-only semesters will not be taken into consideration. Points will be added up and then divided by the number of semesters that contribute to the DVM program (including attempted semester(s) and Vet Prep) the student has **completed** at RUSVM. For example, if you are a current 5th semester Intercalated DVM/Masters by Research Student and you have already completed your year of research, the points from your 4 completed DVM semesters will be added up and divided by 4 (If you repeated a semester or were in Vet Prep, you will divide by 5). Funds will be awarded the same as for Vet Prep and DVM students.

Money will be awarded based on submission of all required documents by the **deadline date** and **available funds** with preference given to applicants with the **highest amount of verified points and quality of application**. Any costs not covered by the PDF can be raised via on campus fundraising, which may be discussed with the SAVMA Activities Directors. **Please note** that if the student does not fulfill his/her obligation to submit an article or presentation after the PDF experience, all awarded money will need to be returned immediately to SGA or a hold
