ROSS UNIVERSITY
SCHOOL OF VETERINARY MEDICINE

Focus your veterinary studies in a program designed for today's global society.

At Ross University School of Veterinary Medicine, we provide a pathway for qualified Prairie View A&M University students to become the next generation of career-ready, compassionate veterinarians and researchers. We welcome students from Historically Black Colleges and Universities as part of our commitment to diversity and inclusivity with a focused effort to recruit students from a wide range of backgrounds. We foster a community rich in ideas, diverse in experiences, and dedicated to social justice to support your career path; one that impacts the lives and welfare of animals and people across the globe.

WHY ROSS VET

Nationally recognized AVMA¹-accredited DVM program

Broad-based curriculum and critical hands-on clinical skills, taught early on at the Ross Vet AAHA²-accredited Veterinary Clinic

Culturally distinct environment in St. Kitts filled with natural beauty, and exotic marine and tropical wildlife

The educational foundation needed for various career paths that contribute to human and animal health such as: food quality and safety, food security, behavior, biomedical research, wildlife, and environmental health

Dual degree programs that give students the opportunity to complete a master's degree alongside their Doctor of Veterinary Medicine degree
