

# BECOME A VETERINARIAN PATHWAYS PROGRAM

Bishop's University in Partnership with  
Ross University School of Veterinary Medicine

**ROSS UNIVERSITY**  
SCHOOL OF VETERINARY MEDICINE

Come ready to learn. Leave ready to practice.

At Ross University School of Veterinary Medicine, our passion is training qualified students, like graduates of Bishop's University, to become the next generation of career-ready, compassionate veterinarians and researchers. It's time to explore your pathway to Ross Vet.

## WHY ROSS VET

Nationally recognized AVMA-accredited<sup>1</sup> DVM program

Broad-based curriculum and critical hands-on clinical skills, taught early on at the Ross Vet AAHA-accredited<sup>2</sup> Veterinary Clinic

Culturally distinct environment in St. Kitts filled with natural beauty, and exotic marine and tropical wildlife

The educational foundation needed for various career paths that contribute to human and animal health such as: food quality and safety, food security, behavior, biomedical research, wildlife, and environmental health

Dual degree programs that give students the opportunity to complete a master's degree alongside their Doctor of Veterinary Medicine

## PROGRAM BENEFITS

Students who have completed their undergraduate junior year at and have met the academic criteria established through Bishop's University and Ross Vet Pathways Program will receive these benefits:

- Ross Vet application fee waived (except where prohibited by law)
- Priority application consideration at Ross Vet
- Guaranteed admissions interview with Ross Vet
- Ross Vet will designate seats for eligible students in each January and May semester

Minimum Eligibility Criteria

### BS Graduate

of Bishop's University within past year

### Overall GPA 3.0

or higher

### GRE 20<sup>th</sup> Percentile

or better in each category

### GPA 3.0

or higher in all Ross Vet prerequisite courses

# ALIGNED COURSEWORK

Ross Vet minimum coursework prerequisites for DVM program admissions.

## Completion of the following courses:

- General Biology I & II with Lab (BIO 196/BIL 196 & BIO 205/BIL 205)
- General Chemistry I or II with Lab (CHM 191/CHL 191 or CHM 192/CHL 192)
- Organic Chemistry I or II with Lab (CHM 111/CHL 111 or CHM 211/CHL 211)
- Cell Biology or Genetics (BIO 201 or BIO 208)
- Physics I with Lab (PHY 191/PHL 191 or PHY 193/PHL 193)
- Pre-Calculus, Calculus, or Statistics (MAT 191, MAT 198, or PHY 101)
- Biochemistry I with Lab (BCH 210 or BCH 313/ BCL 313)

- Expository Writing or any ENG-coded course; or any course listed as writing intensive (with at least one written assignment worth 40% of final grade)

## Nine semester hours; one of the courses to meet this requirement must be one of the following:

- Comparative Anatomy (BIO 340)
- Medical Terminology (CLA 170)
- Microbiology (BIO 352/BIL 352)
- Animal Nutrition
- Physiology (BIO 336)
- Spanish (or other foreign language)
- Public Speaking (e.g. CDC 100)
- Introduction to Business (e.g. BMG 100)
