

BECOME A VETERINARIAN PATHWAYS PROGRAM

McGill University in partnership with
Ross University School of Veterinary Medicine

ROSS UNIVERSITY
SCHOOL OF VETERINARY MEDICINE

McGill

PROGRAM BENEFITS

McGill University students who are enrolled in the BSc (AgEnvSc) Life Sciences Major may apply to transfer to Ross University School of Veterinary Medicine (Ross Vet) in St. Kitts to complete the DVM program. Once students have met the academic criteria established through the McGill University and Ross Vet Pathways Program, they will receive these benefits:

- Ross Vet application fee waived (except where prohibited by law)
- Priority application consideration at Ross Vet
- Guaranteed admissions interview with Ross Vet
- Ross Vet will designate seats for eligible students in each of our three semesters: January, May, and September

VETERINARY SCHOLARSHIPS

Qualifying McGill students will also be considered for the following scholarships:*

McGill-Ross Vet Scholarship

- \$2,000 USD per semester for the first three semesters; lifetime cap of \$6,000 USD.

Global Experience Scholarship

- \$45,000 USD distributed in equal installments of \$6,428.57 USD per semester between semesters 4–10 of the DVM program. Only available to students starting in the January or May semesters.

veterinary.rossu.edu/scholarships

**Available for those who apply and qualify.*

Go From Animal Lover to Extraordinary Veterinarian

At Ross Vet, our passion is training qualified students, like students who successfully transfer from McGill University, to become the next generation of career-ready, compassionate veterinarians and researchers. It's time to explore your pathway to Ross Vet.

Ross Vet has partnered with McGill University to create a pathway to complete your Doctor of Veterinary Medicine (DVM) degree in as few as five years and four months!*

**Applicable to students from Quebec who enter McGill University from CEGEP*

Minimum

WHY ROSS VET?

Nationally recognized AVMA®-accredited DVM program

Broad-based curriculum with critical hands-on clinical skills taught early on at the AAHA-accredited Ross University Veterinary Clinic

Culturally distinct environment in St. Kitts filled with natural beauty and exotic marine and tropical wildlife

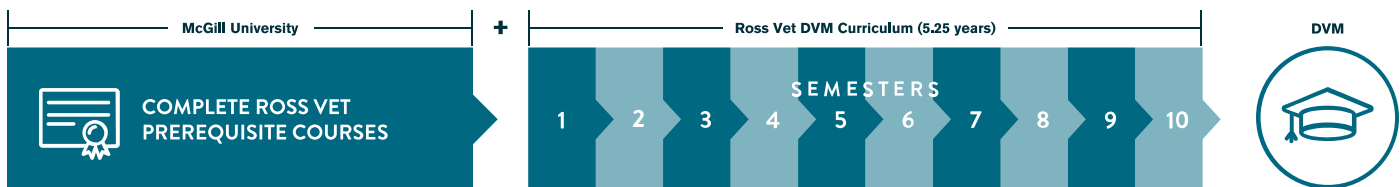

The educational foundation needed for various career paths that contribute to human and animal health, such as: food quality and safety, food security, behavior, biomedical research, wildlife, and environmental health

Dual degree programs that give students the opportunity to complete a master's degree alongside their Doctor of Veterinary Medicine
