WHY COMPLETE A FAFSA?
To apply for federal financial aid, students must complete the FAFSA. Once you submit your FAFSA (including the required signatures), the U.S. Department of Education will send your data to Ross University School of Veterinary Medicine. We will then send you an award letter with loan instructions approximately two months prior to the semester start.

CALL OR E-MAIL YOUR STUDENT FINANCE ADVISOR TO DISCUSS YOUR PERSONALIZED FINANCIAL PLAN
Discuss your personalized financial plan and review your award letter by calling the Office of Student Finance at 732-509-3051 or FinAid@RossU.edu.

BORROW WISELY!
Students are encouraged to borrow only the amount of funds needed to cover tuition and fees, as well as any living expenses. Total funding including loans, scholarships and other aid cannot exceed the published cost of attendance for a given semester.

All recommended supplies for each semester are available by visiting the online bookstore at rusmbookstore.rossu.edu. We encourage all students to use the online store as a one-stop shop for all your veterinary and school supply needs.

VETERINARY SCHOOL HEALTH INSURANCE

RUSVM requires all students to have health insurance coverage while enrolled at the University. To that end, the University makes a health insurance plan available to its students, their legal spouses and dependents. Students must either be enrolled in the RUSVM sponsored medical plan or prove coverage under another plan. Our coverage year is from Aug. 25 of the current year to Aug. 24 of the following year. The coverage year is broken into three trimesters for the purpose of billing. Students attending RUSVM clinical affiliates must learn about the health insurance requirements at their affiliate. Some affiliates require that you accept their institutional insurance. You may want to request a waiver from the RUSVM health insurance plan. Insurance is automatically billed to all students at the start of each semester.

WAIVING HEALTH INSURANCE

Students are automatically enrolled in the coverage once they are billed for their first semester of tuition and are responsible for those insurance charges unless they provide a valid insurance waiver during the open waiver period (August-October 1st). Please be sure to verify your enrollment status at the start of each billing period. This coverage is also automatically applied to students on approved leaves of absence, vacation and temporary withdrawals. Insurance for all students will continue to be charged until the student officially graduates or is permanently withdrawn from the University. Please note that the completion of the clinical year does not constitute official graduation. Please contact the Office of the Registrar to confirm your official graduation date.
