Electronic Books

Ross University School of Veterinary Medicine uses electronic books (ebooks) for all semesters in basic sciences. Students are charged for the cost of their ebooks as part of the semester tuition. RUSVM has developed relationships with the publishers and receives the ebooks at a discounted cost as part of students.

Students are given the ability to opt out of the ebook option by logging on to the My Ross Vet student portal and completing the opt-out form. Students who opt out will need to independently purchase the required books for which they opted out set up. Students will only be able to opt out during a two-week period, the week prior to the start of classes and the first week of classes. After the opt-out form is received by the Office of Student Accounts, it will be reviewed and a credit will be issued to the student's account. The credit will be the total cost of the books offered for the semester the student is registered. All students will have the option to opt out each semester.

Books are required and essential for learning the material needed for basic sciences. A faculty member may request to review that a student has purchased all required materials.

Veterinary School Health Insurance

RUSVM requires all students to have health insurance coverage while enrolled at the university. To that end, the university offers a health insurance plan to its students, their legal spouses, and their dependents. Students must either be enrolled in the RUSVM-sponsored medical plan or prove coverage under another plan. Our coverage year is from 8/27/2023–8/25/2024. The coverage year is broken into trimesters for the purpose of billing. Students attending RUSVM clinical affiliates must learn about the health insurance requirements at their affiliate. Some affiliates require students to accept their institutional insurance. You may want to request a waiver from the RUSVM health insurance plan during the waiver period. Insurance is automatically billed to all registered students at the start of each semester.

Billing Periods

Health Insurance Billed	Coverage Dates
Fall	8/27/2023–12/31/2023
Spring	1/1/2024–4/28/2024
Summer	4/29/2024–8/25/2024

View the Aetna plan at www.AetnaStudentHealth.com/RUSVM. As a member, you can create an account on their website to view:

- Your claims
- Who is covered under your plan
- “On Call” emergency services

Waiving Health Insurance

Students are automatically charged and enrolled in health insurance coverage once they are billed for tuition, and they are responsible for those insurance charges unless they provide a valid insurance waiver during the open waiver period (August 15–September 30). New incoming students will be eligible to waive their entering term and then every subsequent fall semester. Please be sure to verify your enrollment status at the start of each billing period. This coverage is also available by request for students on approved leaves of absence, vacation, and temporary withdrawals continue to be charged.

Electronic Communication Consent Form

Your consent is required for Ross University School of Veterinary Medicine (RUSVM) to participate in electronic transactions for all financial information provided or made available to student loan borrowers, and for all notices and authorizations to Federal Student Aid recipients required under 34 CFR 668.165.
